Frequently Asked Questions

How are Isagenix Antioxidants unique?

No one can completely stop aging, but you can fight age-related conditions with antioxidants. They neutralize free radicals, which can damage body systems and create illness. Isagenix Antioxidants contains the highest quality of antioxidants including beta carotene, vitamin C, vitamin E, milk thistle extract, and CoQ10. Take three daily to help you feel healthy and young!

What are Antioxidants?

Antioxidants are substances that may protect cells from the damage caused by unstable molecules known as free radicals. Free-radical damage may lead to premature aging or possibly cancer. Antioxidants neutralize harmful free radicals and by doing so, may help you live a longer, healthier life. Isagenix Antioxidants includes important ingredients such as vitamin C, vitamin E, carotenoids, alpha-lipoic acid, and green tea extract. The broad-spectrum approach provides you with one of the strongest defenses against aging and free-radical damage.

You may experience:

- Increased well days
- Reduced sick days*
- A strong foundation for health
- Youthful physique

How do I take Antioxidants?

Take three capsules daily as a dietary supplement. Best used with Isagenix® Essentials (for Men or for Women) and as part of your Isagenix program.
