

Available for purchase early February

HEART SHAKE BOOSTER

Full product information and support will be provided during the formal product launch process.

BENEFITS

Heart Shake Booster contains science-backed ingredients that support heart health.

Plant sterols may help reduce the absorption of dietary cholesterol by competing with cholesterol in the digestive tract, promoting the elimination of excess cholesterol. Foods and supplements containing at least 0.65 g per serving of plant sterol esters, eaten twice a day with meals for a daily total intake of at least 1.3 g, as part of a diet low in saturated fat and cholesterol, may reduce the risk of heart disease. A serving of Heart Shake Booster supplies 0.65 grams of plant sterol esters.

HOW TO USE

Mix 1 scoop of Heart Shake Booster with your favorite Isagenix shake. Use twice daily.
