## Welcome to Your Back Office

As a pre-enrolled Associate you have active status for five days from the UK soft launch. During the first five days you must activate your Associate account to keep your active status and continue accruing group volume and participate in the [Team Compensation Plan](#).

To activate your account, you must take the following steps:

- 1 Place Your Initial Order**  
Place your initial order of 100 BV or more and purchase your membership.
- 2 Complete Your Pathway to Associate**  
You will be asked to enter your recognition name and date of birth, then watch a short video about the responsibilities of being an Associate.

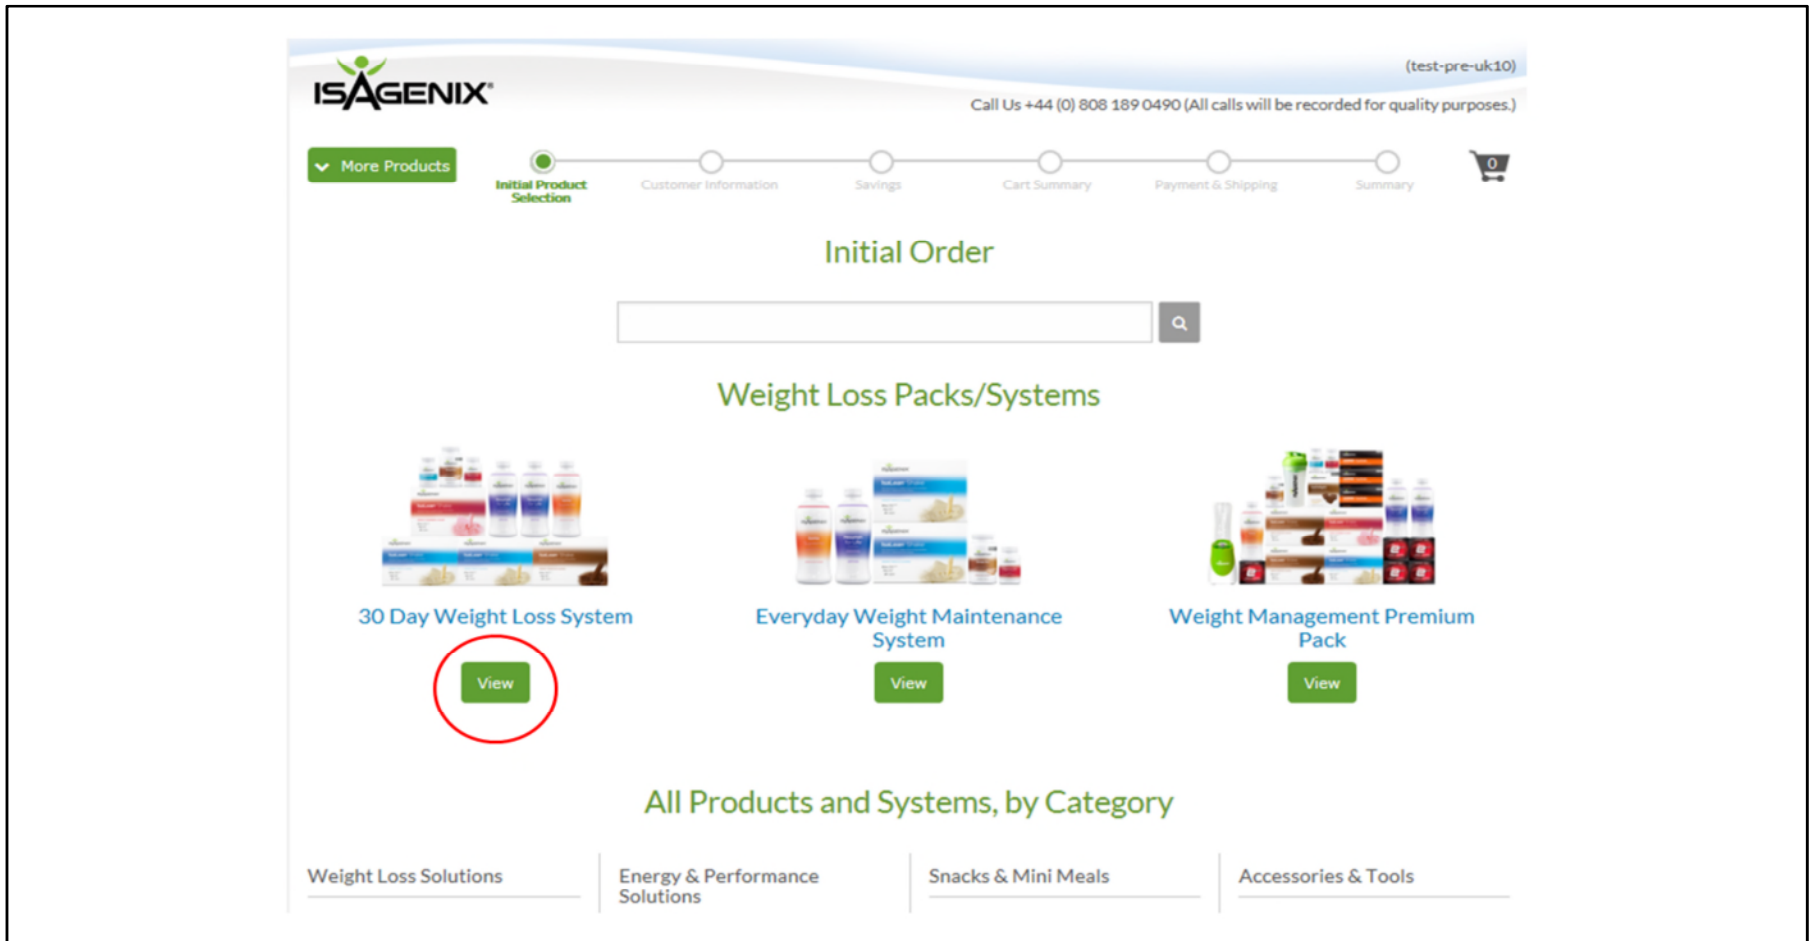

---

### [I don't want to be an Associate](#)

Prefer to join as a Customer at this time? By selecting this option, you will opt out of participating in the Isagenix [Team Compensation Plan](#) and any accumulated group volume will be lost. You can choose to become an Associate at a later date, however, no group volume will be restored.

Pre-Enrolled Members that agreed to the Terms and Conditions prior to 8 May to be an Associate will see this screen from 15 May-20 May. These members will also accumulate volume for the first 5 days of business to ensure that they are able to activate their Associate account.

Click "Place Your Initial Order" to begin Step 1 of activating your Associate Account.

Select your Pack, System or individual products.

Remember, in order to be eligible to earn in the compensation plan you must have Active Status.

An Associate is considered active if they have purchased 100 PV in the last 30 days.
