

# IMMUNE SUPPORT

## Year-round immune care

Designed for dual action, Immune Support reduces the severity of common cold symptoms and provides year-round immune system support.

## Key Benefits

- **Active, herbal extracts** and proven, natural ingredients help reduce the severity of common cold symptoms such as Ascorbic Acid (Vitamin C), Zinc and Quercetin
- **Natural antioxidants** protect against harmful free radicals for optimal cell health and support immune system function
- **Relief from upper respiratory tract infections** via a targeted blend, which works synergistically for optimal results

## What's Inside

- **Vitamin C and Zinc** create an immune support powerhouse, clinically backed to aid immune function and provide relief from the common cold symptoms.
- **Quercetin** has a strong antioxidant profile, helping neutralise harmful free radicals in the body.
- **Echinacea and Andrographis** aid the body's defence mechanisms.
- **Gingerol and Olive Leaf Extract** support immune response.

## How to Use
