

Get to Know United States

Welcome to America!

The United States is the largest Isagenix market and the biggest revenue-producing country in the direct selling industry. The U.S. is expected to turn one of its best performances in 2016. Consumer spending is on the rise, supported by increase in employment rates and lower energy prices. Our largest market is a ripe opportunity for our Solutions to Transform Lives™.

- A majority of more than 300 million residents live in urban areas, with more than half between the ages of 25 and 75.
- The entrepreneurial spirit is deeply rooted and has had great success replacing managerial capitalism as an economic model.
- 40% of American food and beverage budgets are spent on health- and wellness-related products, producing a US\$161 billion dollar-a-year opportunity.
- Readily available information has opened new avenues for the health and wellness industry as concerns increase over ingredients and low nutritional value in food.

The Industry in the United States

- Over 18 million people were involved in the direct selling industry in 2014. Sales are estimated to be US\$34.5 billion—an upward trend from the year before.
- The direct selling industry continues to experience steady growth thanks to higher recorded incomes than any previous years.
- Millennials (born between 1982 and 2000) now number 83.1 million and represent more than one quarter of the nation's population.
- Tech-savvy consumers are using smartphones to research products, compare prices, hunt for bargains and deals, and purchase items.

Isagenix Has the Solutions

- More than 68.8% of adults are overweight or obese. More than 35.7% of adults are obese. More than one in 20 (6.3%) have extreme obesity.
- 43% of the population engages in regular physical activity. Their main need is to consume quality protein, as the rest of their activities limit their available time.
