

Team Isagenix Elite Professional Athlete Sponsorship

Isagenix is honored that top athletes in a vast array of sports use our products to enhance their health and performance. To increase our brand awareness, Isagenix recently embarked on a limited sponsorship program, Team Isagenix Elite, with a few select world-class athletes.

Each professional athlete in the Team Isagenix Elite category have been assessed based upon his or her specific situation and criteria. Most importantly before Isagenix enters into a sponsorship, the sponsored athlete must use and love our products, and share our core values.

Team Isagenix Elite athletes are chosen by Isagenix based on specific company goals and we are not accepting applications for these sponsorships at this time.

Athletes looking to build an Isagenix Business can qualify to participate in our Team Isagenix program where they may receive support for competitions and recognition opportunities. For more information and how you can qualify, visit TeamIsagenix.com.
