How to Share

When it comes to sharing your links, the possibilities are endless. Choose the strategy that works best for you.

1 Social Media Content

Social media is a powerful way to share your results and experiences with products. Feature your links through **lives**, **posts**, **stories**, **groups**, **pages**, or **reels**. Platforms like Instagram and TikTok allow you to display your link on the **bio page** and/or the **highlights** section.

2 Direct Messages

Direct messages on social media can give a personal touch to one-on-one conversations.

Text messages also work well for close connections or those with existing businesses that communicate regularly with their Customers via text.

3 QR Codes

Turn your links into **scannable QR codes** for printed materials at networking events, exhibitions, or conferences. These codes allow visitors to quickly scan and shop or take a flyer and purchase later.

QR codes also work great in waiting areas, giving people instant access to your unique product page — even if you didn't get a chance to share the link directly.

4 Embed Links

If you already have an **email list** or **newsletter**, embed your product links to share offers, updates, and recommendations with your subscribers. It's an easy way to boost visibility and drive more sales.

Blogging or **vlogg**ing about your personal experience helps your audience see that your recommendation is genuine and is another easy way to share your links.

If you have a **website**, add links to relevant pages like the homepage, blog, or dedicated product section to help visitors explore and shop with ease. Remember to clearly state that you're a registered Independent Brand Partner to keep everything transparent and professional.

How to Get Paid

Let's review how you can earn money. Your commission starts at a highly competitive 20%, but as you sell more, your commission rate increases.

Brand Partner Commissions

Commission Level	Monthly Customers	Monthly Sales	Commission Percentage
1	1	\$1	20%
2	3	\$385	22%
3	3	\$1,400	24%
4	5	\$3,495	26%
5	5	\$6,290	28%
6	5	\$9,085	30%

At the 30% commission level, your monthly take-home pay would be a **minimum of \$2,725.50!**

Even Sweeter

At the end of each month, we calculate your total sales — including new and repeat Customers — and adjust your commission accordingly. We call this the **Month End Bonus**. [Watch this video](#) to learn more.

This program is special because there are **no set quotas** or **targets**. You decide what products to promote at your own pace and consistently earn **at least 20% commission on every sale**.

Brand Partner for Beauty Pros

The Isagenix Brand Partner Program is perfect for beauty professionals with a loyal client base. If you're used to recommending or retailing products but are tired of buying stock upfront, managing inventory, or earning low commissions, this model is for you.

How to get started:

1 Choose Your Go-To Beauty Products

Choose 1-3 products that naturally align with your services. Collagen Elixir™, Hair Revival, or inner wellness products that complement your beauty treatments. There's no need to overcomplicate it — just focus on what feels like a natural fit for your clientele.

2 Create a Display + QR Code Setup

Set up a small product display in your waiting area with a QR code linked to your product page. Clients can browse or scan while they wait. Bonus points if you use a digital frame or TV screen to loop before-and-after photos, or printed visuals like free Isagenix lookbooks.

3 Add to Treatment Packages

Include a product sample or QR code in your aftercare bundles. When clients get home and love the results, they can easily order more via your link with no follow-up needed from you. This turns one-time appointments into ongoing product sales.

4 Use Your Existing Channels

Already have a newsletter, WhatsApp group, or social media presence? Embed or share your product links during regular client updates or promo announcements. You're not changing your strategy — just adding value to what you already do.

Pro Tip: Build a Simple Community Space

Create a private Facebook group or WhatsApp broadcast where your clients can stay in the loop. It's a great way to keep beauty and Isagenix Customers connected — and engaged with your brand.
